

**Close Contact:**  
 - family members and caregivers or who had other similar close physical contact (e.g. intimate partner) **without consistent and appropriate use of recommended PPE;**  
**OR**  
 - lived with or had otherwise close prolonged contact (within 2 metres) with a probable or confirmed case while the case was symptomatic and not self-isolating;  
**OR**  
 - had direct contact with infectious body fluids of a case (e.g., was coughed or sneezed on or shared personal items such as eating utensils or drinking cups) without the appropriate use of recommended personal protective equipment.

**Non-Close Contact:**  
 - Provided care for the case, (including health care workers, family members or other caregivers) or who had other similar close physical contact **with consistent and appropriate use of personal protective equipment** and the case was self-isolating  
**OR**  
 - who lived with or had prolonged contact but **was not within 2 metres** of a case while the case was symptomatic and not self-isolating

**Not a Contact:**  
 - **Only transient interactions** (e.g. walking by the case or being briefly in the same room)
